2020-2021 Texas Common Course Numbering System Transfer Guide

This four-year plan provides a model for on-time completion of this UNT program using as many TCCNS courses as possible. The four-year plan also shows the first point when no TCCNS options are available for this program. See the current [Undergraduate Catalog](#) for course prerequisites. Course availability at UNT is subject to change, and the plan shown below may change based on updates to UNT's course offerings.

UNT courses noted (#) do not have TCCNS equivalents, but have approved transferable substitutions.

B.S. Audiology and Speech-Language Pathology

2020-2021 Texas Common Course Numbering System Transfer Guide

- The undergraduate program is designed for persons wishing to pursue graduate study in audiology and speech-language pathology and offers an avenue for students interested in pursuing other health professions, teaching, psychology, medicine, gerontology or law.
- Undergraduates are introduced to the clinical aspects of audiology and speech-language pathology through course work, clinical experiences and laboratory work at the UNT Speech and Hearing Center.
- The College of Health and Public Service expects students to have completed the Texas State recommended high school program and be ready to enroll in Language 2040 (TCCNS: Language 2311) and a college level mathematics course. If you are not prepared for this level, the necessary prerequisites will either replace electives or increase the hours required for this degree.
