## College of Engineering
### B.S.E.T. Electrical Engineering Technology
#### 2017-2018 Texas Common Course Numbering System Transfer Guide

This four-year plan provides a model for on-time completion of this UNT program using as many TCCNS courses as possible. The four-year plan also shows the first point when no TCCNS options are available for this program. See the current [Undergraduate Catalog](http://registrar.unt.edu/transfer-guides) for course prerequisites.

Course availability at UNT is subject to change, and the plan shown below may change based on updates to UNT's course offerings.

UNT Courses noted (#) do not have TCCNS equivalents, but have approved transferable substitutions.

B.S.E.T. Electrical Engineering Technology
2017-2018 Texas Common Course Numbering System Transfer Guide

- Admission to the university does not guarantee admission to the College of Engineering. To be admitted to the College of Engineering, students must meet the requirements listed under “Admission Requirements” on page two.
- To complete the B.S.E.T. Electrical Engineering Technology degree within four years, students should plan to take Calculus I (MATH 2313 or 2413 or 2513) and ELET 1720 (available at UNT only) during the first semester of their freshman year. Please refer to the four-year plan on page one for a recommended schedule. Students interested in completing an associate's degree at a community college may consult with a College of Engineering advisor about concurrent enrollment options.

Courses Recommended for Transfer

The UNT Core requirements, with the exception of American History and Government/Political Science, and the College & Major requirements are shown with Texas Common Course Numbering System values only when UNT offers equivalent courses. There may be other courses in transfer that apply toward the specific degree requirement, but those listed are known to apply.

UNT Core: Communication
ENGL 1301; and ENGL 1302 or 2311
A grade of 'C' or better is required on courses applied toward this requirement.
ENGL 2311 is required for all College of Engineering majors.

UNT Core: Mathematics
This requirement will be met by fulfilling the Electrical Engineering Technology program requirements (see "Other Course Requirements").

UNT Core: Life & Physical Sciences
This requirement will be met by fulfilling the Electrical Engineering Technology program requirements (see "Other Course Requirements").

UNT Core: American History
Two courses chosen from: HIST 1301, 1302, 2301

UNT Core: Government/Political Science
GOVT 2305 and 2306

UNT Core: Creative Arts
One course chosen from: ARTS 1301 or 1304; DRAM 1310; MUSI 1306; SPCH 2341

UNT Core: Language, Philosophy and Culture
One course chosen from: ENGL 2332 or 2333; HIST 2321 or 2322; PHIL 1301, 1304, 2303, 2306, or 2316

UNT Core: Social & Behavioral Sciences
One course chosen from: ANTH 2346 or 2351; COMM 1307; CRJ 1301; ECON 2301 or 2302; GEOG 1303; PSYC 2301; SOCI 1301; SOCG 2361; SPCH 1311; TECA 1303

UNT Core: Component Area Option Category I
One course chosen from: ARTS 1301; BIOL/HECO 1322; COMM 1307; MATH 2305 or 2405; SPCH 1311 or 1315; TECA 1303
ENGR 1030 offered at UNT is a required course for the major and will satisfy the CAO Category I requirement.

UNT Core: Component Area Option Category II
One additional course from any other UNT Core requirements.

Electrical Engineering Technology: Major Requirements
TCCNS options:
- ENGR 2307 and ENGR 2107
- ENGR 2305 and ENGR 2105 (approved transferable substitution)
Courses listed above are TCCNS options and do not include all courses required for the UNT Electrical Engineering Technology program.

Electrical Engineering Technology: Other Course Requirements
TCCNS options:
Required course in Technical Writing:
- ENGL 2311
Required courses in mathematics:
- MATH 2313 or 2413 or 2513 (fulfills both Mathematics core and major requirements).
- MATH 2314 or 2414

Last Revised: April 25, 2017
College of Engineering
B.S.E.T. Electrical Engineering Technology
2017-2018 Texas Common Course Numbering System Transfer Guide

Electrical Engineering Technology: Other Course Requirements (continued)

Required courses in laboratory science:
- PHYS 2425 or 2325/2125
- PHYS 2426 or 2326/2126

PHYS courses listed above fulfill both Life & Physical Sciences core and program requirements.

Courses listed above are TCCNS options and do not include all courses required for the UNT Electrical Engineering Technology program.

Electrical Engineering Technology: Other Requirements

Electrical Engineering Technology foundation courses include:
- ENGR 1030 at UNT
- ENGR 272 at UNT
- ENGR 2730 at UNT
- ELET 2740 at UNT
- MATH 2313 or 2413 or 2513
- ENGL 2311

Satisfactory completion of ELET foundation courses with a minimum GPA of 2.5 is prerequisite to taking advanced courses in the major. Mandatory advisement is required each semester until the foundation courses have been successfully completed.

College of Engineering: Admission Requirements (continued)

3) Students below the top 50% of their class must meet one of the following requirements:
   A) Math ACT score of 26 or better and a composite ACT score of 26 or better
   B) If the SAT was taken February 2016 or before, Math SAT score of 630 or better and a total SAT score of 1180 or better
   C) If the SAT was taken March 2016 or later, Math SAT score of 650 or better and a total SAT score of 1250 or better

4) Students with no graduating class ranking (homeschooled, GED, international students, etc.) must meet one of the following requirements:
   A) Math ACT score of 24 or better and a composite ACT score of 24 or better
   B) If the SAT was taken February 2016 or before, Math SAT score of 600 or better and a total SAT score of 1100 or better
   C) If the SAT was taken March 2016 or later, Math SAT score of 620 or better and a total SAT score of 1170 or better

Engineering Technology programs
- Freshman applicants to Engineering Technology programs must have a math SAT score of 540 or better, or a math ACT score of 22 or better.

Math courses
- Enrollment in mathematics classes for entering freshmen will be determined in accordance with criteria established by the Department of Mathematics.

Transfer, International and Post-Baccalarurate

- Applicants must be eligible to enroll in MATH 1710 (Calculus I; TCCNS: MATH 2313 or 2413 or 2513) or higher. MATH 1650 (Pre-Calculus; TCCNS: MATH 2312 or 2412) completed with a grade of C or better is a prerequisite to enroll in MATH 1710/Calculus I.

For applicants who do not meet the above requirements, admissions will be granted on entry into MATH 1710 (Calculus I; TCCNS: MATH 2313 or 2413 or 2513) and good academic standing with a cumulative UNT grade point average of 2.0 or higher.

After admission criteria are met by the applicant, the student will be accepted as a major in his or her program of study. The student must adhere to the requirements below in order to be accepted as a full major and to be allowed to enroll in upper-division courses in the College of Engineering.
Special Notes

Hours Required and General/College Requirements: A minimum of 120 semester hours, of which 36 must be advanced, and fulfillment of degree requirements for the Bachelor of Science degree as specified in the general university requirements section of the UNT catalog and the College of Engineering requirements.

- A grade of ‘C’ or better is required for all major courses and other course requirements.
- Courses taken to satisfy the technical options in the major must be approved by the academic advisor.

UNT Core Curriculum/Transfer of Core Curriculum: UNT complies with the mandates of the 1997 Texas Legislature regarding requirements for state-assisted institutions. Students who successfully complete the common core curriculum (in whole or in part) at a Texas state-assisted institution of higher education are eligible to transfer as “core complete” for those categories in the UNT University Core Curriculum.

Individual academic programs may require courses contained in parts of the University Core Curriculum. Students who wish to take courses that will fulfill both core and major/program requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Choice of Catalog: Any student transferring directly from a Texas public community college to UNT shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the community college.

The College of Engineering required curriculum and policies are located in the Undergraduate Catalog.

For additional program and contact information see the College of Engineering Student Advising website: http://engineering.unt.edu/advising
