This will be an active learning course. Students should ideally be enrolled in CHEM 1410.006, as the course is intended to support the optics learned in CHEM 1410. Topics covered will be applied math skills, problem solving skills, note taking, test-preparation, and other success skills. There is no required or recommended textbook or electronic homework system for this course. This course does not count towards the advanced hours requirement for COS degree plans.
