BLENDED COURSE FACE TO FACE AND INTERNET

This course allows students to critically examine consumer role sets in culturally diverse settings, brand preference formation in different cultures, and cultural imperatives in the marketing of products and services. Emphasis is placed on issues and challenges in doing business in other cultures/countries. Students acquire skills in creative and critical thinking, working in groups, appreciating other cultures and harnessing their values within the university community and the larger society. Class exercises, examination, and written and verbal presentations enhance students’ self-awareness and openness to different perspectives.
