Mandatory Zoom session, 6 pm, Monday, January 11, 2021 (details posted to course Canvas site the week prior). Regular Zoom question/answer sessions scheduled for subsequent Monday evenings, starting at 6 pm, lasting approximately 30 minutes each. 2. Online materials include video lectures in a style similar to how the course was previously taught in face-to-face classroom setting, power point handouts that accompany the videos which are based on the textbook (see note below) and the laws and regulations that cover the subject. 3. There are no exams in this class. Grade is based on a series of short assignments on each subject matter module, and two short review assignments. All of this activity will be compiled into a portfolio submitted at the end of the semester, which substitutes for a comprehensive final exam. 4. GET THE TEXTBOOK EARLY. The book is now out of print, but there is a large used book supply available from online used book dealers. Canter, L.W. 1996, Environmental Impact Assessment, 2nd edition, McGraw Hill, 660 pgs.
