Course Topic: SOCIAL INFLUENCE & PERSUASION

Course is designed to introduce students to theories about social influence and persuasion. These theories focus on source, receiver, and message factors important in understanding how persuasion works. Students will learn about these theories in the context of message and campaign design used in the ad and PR industries. Through understanding theory, students will gain greater insight into how and why advertising/PR messages do or do not work. Application of theory to industry practice is emphasized.
