Applied Technology & Performance Improvement
2018-2019 Texas Common Course Numbering System Transfer Guide

**Applied Technology & Performance Improvement: Professional Development**

**Professional Development:** The 42-hour requirement is divided into two categories; 27 upper level hours of specific Learning Technology and Performance Improvement courses and 15 hours in a concentrated Area of Emphasis.

Students take 27 hours of specific courses in:
- Principles of Leadership, Empowerment, and Team Building
- Technical Presentation Skills
- Personal Development
- Project Management and Performance Improvement
- Principles in Training and Development
- Computer Applications in Business, Education, and Industry
- Human Relations in Business, Education, and Industry
- Communications in Business, Education, and Industry
- Applied Technology and Performance Improvement

The remaining 15 hours, of which 9 hours must be at the 3000 and 4000-level, may be concentrated in an Area of Emphasis in Learning Technology, Computing Technology, or Performance Technology:

**Areas of Emphasis:**

**Learning Technology**
- Workforce Development
- Technology & Brain-based Learning Systems
- Technology & Autism

**Computing Technology**
- Distance Delivery
- Emerging Technologies
- Technology Integration
- Networking

**Performance Technology**
- Performance Improvement
- Instructional Systems Design
- Multi-Media & Gaming

Other upper level courses may also apply to this area. Contact your advisor.

*There are no TCCNS options for the Professional Development courses.*

---

**Special Notes**

**Hours Required and General/College Requirements:** A minimum of 120 semester hours, of which 36 must be advanced, and fulfillment of degree requirements for the Bachelor of Science degree as specified in the general university requirements section of the UNT catalog and the New College requirements.

**UNT Core Curriculum/Transfer of Core Curriculum:** UNT complies with the mandates of the 1997 Texas Legislature regarding requirements for state-assisted institutions. Students who successfully complete the common core curriculum (in whole or in part) at a Texas state-assisted institution of higher education are eligible to transfer as “core complete” for those categories in the UNT University Core Curriculum.

Individual academic programs may require courses contained in parts of the University Core Curriculum. Students who wish to take courses that will fulfill both core and major/program requirements simultaneously should check with academic advisors for assistance in selecting core courses.

**Choice of Catalog:** Any student transferring directly from a Texas public community college to UNT shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the community college.

The New College required curriculum and policies are located in the undergraduate catalog under the corresponding catalog year.

For additional program and contact information see the New College Student Advising website.
