After logging into myUNT, click on the Student Center link.

**STUDENT CENTER:** The student center page displays a student’s schedule, allows the student to search and register for classes, inquire about account summaries, view holds and review and update demographic information.

The page also has invaluable links to a student’s grades, excess hours, TSI and repeated courses.
ADMISSIONS INFORMATION: The Admissions section lists all pertinent admission application data.

By clicking on the Application Status link, a student can view his or her application status, admission progression, and a summary of his or her application data.

**HOLDS INFORMATION**: This section of the student center lists active holds on a student’s account. Some holds you can clear yourself, such as the Student Financial Obligation block, while others, such as Advising Required, require you to take action as detailed in the hold itself. Some holds will block a student’s ability to register for classes, so it is important to visit this section before attempting registration in classes.

When you first log into myUNT, you may be notified that you have one or more holds on your account. You may click the notification to access more details about your holds.

From the Student Center, your holds are listed in their own module. By clicking on details, you can access more details about your holds.

From the holds list, you can click on each hold for detailed information about that hold, including how it can be removed, if applicable.
To Clear the Student Financial Obligation Hold

**Note:** In the summer semesters, each term (such as 3 week, 5 week 1, 5 week 2, etc.) is considered its own session for class drop purposes. So if a student is enrolled in several summer classes, they still may not drop a class using myUNT if it is the only class within a single session.

Swapping and Waitlisting:

Swapping onto a Wait List is a feature for students who are already enrolled in a course, but would like to "wait" to see if they can get into a different one (maybe the same course, but a different section). When using the swap, the process will automatically drop the "enrolled course" and enroll you in the "waitlisted" course you have selected, if a seat becomes available, and your position on the waitlist qualifies you to be able to be enrolled in the class.

Sample Scenario:

You are already enrolled in for HIST 2610.001, however you prefer to take PSCI 2300.003. PSCI 2300.003 is currently closed, but offers a Wait List. You could us the Swap feature to get on the waitlist for PSCI 2300.003. If a seat opens up and you are next on the Wait List for PSCI 2300.003, then you will automatically be registered in the PSCI 2300.003 course and dropped from the HIST 2610.001 course.

Click on the Enroll/Add/Drop Class link in Student Center.

Choose Swap tab and then select the course you would want to swap out of.

**You can only swap out of a course you are enrolled in.

To complete the swap for Wait List, select a course you want to swap into the Wait List. You can use the same options to select the course as used when Adding to Waitlist.

Confirm your selections and finish by selecting "Finish Swapping".

You can review results by selecting "My Class Schedule" and including "Show Waitlisted Classes".
