Admission to the university does not guarantee admission to the College of Engineering. To be admitted to the College of Engineering, students must meet the requirements listed under "Admission Requirements" on page two.

To complete the B.S.E.T. Mechanical Engineering Technology degree within four years, students should plan to take Calculus I (MATH 2313 or 2413 or 2513) during the first semester of their freshman year. Please refer to the four-year plan on page three for a recommended schedule. Students interested in completing an associate's degree at a community college may consult with a College of Engineering advisor about concurrent enrollment options.

College of Engineering: Admission Requirements

In addition to the university admission requirements, applicants must meet the following minimum requirements for admission to the College of Engineering:

- Freshman applicants must have a math SAT score of 540 or better, or a math ACT score of 22 or better.
- Transfer applicants must be eligible to enroll in MATH 1710 (Calculus I; TCCNS: MATH 2313 or 2413 or 2513) or higher. MATH 1650 (Pre-Calculus; TCCNS: MATH 2312 or 2412) completed with a grade of C or better is a prerequisite to enroll in MATH 1710/Calculus I.

If an applicant does not meet any of the above requirements, admission will be granted into an engineering preparatory program (Pre-Engineering) in the Undergraduate Studies Office until the applicant completes MATH 1650 (Pre-Calculus; TCCNS: MATH 2312 or 2412) with a grade of C or better.

College of Engineering foundation courses should be completed prior to enrollment in upper-division courses. Students must achieve a grade of C or better for each course and must maintain a minimum GPA of 2.5 in each of the following three course groups:

Mathematics: A minimum of 6 hours chosen from the list of approved courses; these courses will also fulfill Mechanical Engineering Technology major requirements.
TCCNS Options: MATH 2313 or 2413 or 2513; MATH 2314 or 2414

Science: Three courses including laboratories chosen from the list of approved courses; these courses will also fulfill Mechanical Engineering Technology major requirements.
TCCNS Options: CHEM 1411 or 1311/1111; PHYS 2425 or 2325/2125; PHYS 2426 or 2326/2126

Technical Written Communication: This course will also partially fulfill the UNT Core English Composition requirement.
TCCNS Option: ENGL 2311

Special Notes

Hours Required and General/College Requirements:
A minimum of 124 semester hours, of which 42 must be advanced, and fulfillment of degree requirements for the Bachelor of Science degree as specified in the "General University Requirements" in the Academics section of the UNT catalog and the College of Engineering requirements.

A 2.5 GPA is required for Engineering Technology courses in the major. Grades of "D" are not accepted.

UNT Core Curriculum: Complies with the mandates of the 1997 Texas Legislature regarding requirements for state-assisted institutions. Individual academic programs may require courses contained in parts of the University Core Curriculum. Students who wish to take courses that will fulfill both core and major/program requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Choice of Catalog: Any student transferring directly from a Texas public community college to UNT shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the community college.

The College of Engineering required curriculum and policies are located in the Undergraduate Catalog 2010-2011.
