B.S. Physics—Option II, with Secondary Level Teacher Certification In Physics and Mathematics

2010-2011 Texas Common Course Numbering System Transfer Guide

- The College of Arts & Sciences offers two options for a Bachelor's of Science in Physics, Option I and Option II. Option II requires a minor in mathematics and science secondary teaching or a minor in general engineering technology. Students seeking secondary teacher certification should see requirements listed under "Teacher Certification".
- The College of Arts and Sciences expects students to have completed the Texas State recommended high school program and be ready to enroll in a mathematics course above college algebra. If you are not prepared for this level, the necessary prerequisites will either replace electives or increase the hours required for this degree.
