Bachelor of Applied Arts & Sciences: Professional Development Concentrations

One (12 hour) concentration must be taken from a department in the College of Public Affairs and Community Service (PACS).

The second and third concentrations may come from any other department at UNT or may consist of technical/professional coursework already completed at a community college (or in the military) as part of an associate's degree.

Bachelor of Applied Arts & Sciences: Professional Foundations

Students must complete three interdisciplinary courses (9 hours) from the College of Public Affairs and Community Service to satisfy foundational skills in:

- Research & Information gathering
- Diversity
- Organizational systems & structures

Bachelor of Applied Arts & Sciences: Occupational Specialization

Comprised of courses related to a specific occupation, field or subject. It typically consists of the field or occupationally-specific coursework completed for an associate's degree. Active-duty military or veterans may receive credit for technical or other formal training courses under this component of the degree.

The occupational specialization is often transferred from a community college.

Bachelor of Applied Arts & Sciences: Electives

For many BAAS students who have completed an associate's degree, elective hours consist of additional occupationally specific credits that were not applied to the student's Occupational Specialization.

In selecting electives, students should exercise caution to insure they fulfill UNT's requirement of 42 hours of advanced-level course work.

Please note a lower-level course that is determined to be equivalent to a UNT upper-level course does not satisfy the requirements of advanced hours.

Bachelor of Applied Arts & Sciences: Additional Information

A combination of correspondence, credit by examination, extension or military service credit not to exceed 30 hours may be accepted toward the degree.

No more than 18 hours of correspondence courses with a maximum of 6 hours of advanced work will be accepted.

Special Notes

Hours Required and General/College Requirements: A minimum of 120 semester hours, of which 42 must be advanced, and fulfillment of degree requirements for the Bachelor of Applied Arts & Sciences degree as specified in the "[General University Requirements](#)" in the [Academics](#) section of the UNT catalog and the College of Public Affairs and Community Service requirements.

UNT Core Curriculum: complies with the mandates of the 1997 Texas Legislature regarding requirements for state-assisted institutions. Individual academic programs may require courses contained in parts of the University Core Curriculum. Students who wish to take courses that will fulfill both core and major/program requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Choice of Catalog: Any student transferring directly from a Texas public community college to UNT shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the community college.

The College of Public Affairs and Community Service required curriculum and policies are located in the [Undergraduate Catalog 2010-2011](#)
