B.S. Biochemistry

2011-2012 Texas Common Course Numbering System Transfer Guide

- Entering students interested in majoring in biochemistry will be classified as pre-majors and will be advised by the department. Admission to the university does not guarantee admission to the major.
- To be admitted to the major (and be eligible to enroll in advanced biochemistry courses), a pre-major must meet all the requirements listed in "Admission to the Major" below.
- The College of Arts and Sciences expects students to have completed the Texas State recommended high school program and be ready to enroll in Language 2040 (TCCNS: Language 2311) or a college level mathematics course. If you are not prepared for this level, the necessary prerequisites will either replace electives or increase the hours required for this degree.
