2012-2013 Texas Common Course Numbering System Transfer Guide

Interdisciplinary Studies, EC-6 Certification: Admission to Teacher Education Program

Admission to Teacher Education:

A student must be admitted to the Teacher Education Program before enrolling in most EDEE, EDRE, EDBE and 4000 level EDSP courses. Prior to enrolling in the education courses, students must:

- be a junior (60 credit hours earned)
- have minimum THEA scores of 240 reading, 230 math, and 220 writing
- have a 2.75 overall GPA (including all transferred courses) or a 2.75 GPA for all graded core courses
- be actively enrolled at UNT and have a degree plan completed or in process in the Student Advising Office
- have completed the application process and been admitted to Teacher Education through the College of Education Student Advising Office in Matthews Hall, Room 105

Continuation in the Teacher Education Program is not guaranteed by the admission process.

Professional Development School (PDS):

Students will participate in a Professional Development School during the final two long semesters of their degree/certification program which requires they be available during normal public school hours. Courses taken during the first semester of PDS require two days per week of course work and two days per week internship at a PDS site. The second semester of PDS is 15 weeks of student teaching internship plus attendance at a one-hour-per-week seminar. Students must meet all pre-requisites to participate in the PDS and participate in public school field placements. UNT and participating school districts require a criminal history check prior to field experience.

Recommendation for Teacher Certificate:

To be recommended for certification, the student must have:

- been admitted to Teacher Education
- successfully completed all required academic courses
- successfully completed all required professional field experiences
- maintained GPA requirements as stated on his/her plan
- passed the required TExES exams

Special Notes

Hours Required and General/College Requirements:

- A minimum of 120–123 semester hours (depending upon teacher certification and course options selected), of which 42 must be advanced, and fulfillment of degree requirements for the Bachelor of Science degree as specified in the "[General University Requirements](#)" section of the UNT catalog and the College of Education requirements.
- English Composition I and II, and all education courses must be completed with a grade of C or better in order to advance to PDS I and II.
- A minimum GPA of 2.75 in the completed core, academic major, and pedagogy/professional development school courses; and a minimum GPA of 2.0 in UNT courses and overall (overall GPA includes all course work transferred plus that taken at UNT) is required for graduation.

UNT Core Curriculum/Transfer of Core Curriculum:

UNT complies with the mandates of the 1997 Texas Legislature regarding requirements for state-assisted institutions. Students who successfully complete the common core curriculum (in whole or in part) at a Texas state-assisted institution of higher education are eligible to transfer as "core complete" for those categories in the UNT University Core Curriculum.

Individual academic programs may require courses contained in parts of the University Core Curriculum. Students who wish to take courses that will fulfill both core and major/program requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Choice of Catalog: Any student transferring directly from a Texas public community college to UNT shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the community college.

The College of Education required curriculum and policies are located in the [Undergraduate Catalog 2012-2013](#).
