**UNT Freshman Cohorts ONLY! Frisco-Exclusive Program!

Transfer students who are interested in this field are encouraged to look into the B.S. in [Applied Project Design and Analysis](#).

See the current [Undergraduate Catalog](#) for course prerequisites. Course availability at UNT is subject to change, and the plan shown below may change based on updates to UNT's course offerings.

Project Design and Analysis: Major Requirements

No TCCNS options available.

The B.S. Project Design and Analysis program is for incoming high school graduates **only**. Transfer students who are interested in this field are encouraged to look into the B.S. in [Applied Project Design and Analysis](#).

Project Design and Analysis: Other Requirements

A minimum grade of C is required in each course of the major; a minimum UNT GPA of 2.0 and a minimum GPA of 2.50 in the major is required for graduation.

Special Notes

Hours Required and General/College Requirements: A minimum of 120 semester hours, of which 42 must be advanced, and fulfillment of degree requirements for the Bachelor of Science degree as specified in the general university requirements section of the UNT catalog and the New College requirements.

UNT Core Curriculum/Transfer of Core Curriculum: UNT complies with the mandate of the Texas Legislature regarding [Core Requirements](#) for state-assisted institutions. Students who successfully complete the common core curriculum (in whole or in part) at a Texas state-assisted institution of higher education are eligible to transfer as "core complete" for those categories in the UNT University Core Curriculum.

Individual academic programs may require courses contained in parts of the University Core Curriculum. Students who wish to take courses that will fulfill both core and major/program requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Choice of Catalog: Any student transferring directly from a Texas public community college to UNT shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the community college.

The New College required curriculum and policies are located in the [undergraduate catalog](#) under the corresponding catalog year.
