B.S. Audiology & Speech-Language Pathology

2024-2025 Texas Common Course Numbering System Transfer Guide

The undergraduate program is designed for persons wishing to pursue graduate study in audiology and speech-language pathology and offers an avenue for students interested in pursuing other health professions, teaching, psychology, medicine, gerontology, or law.

Undergraduates are introduced to the clinical aspects of audiology and speech-language pathology through course work, clinical experiences, and laboratory work at the UNT Speech and Hearing Center.

The College of Health and Public Service expects students to have completed the Texas State recommended high school program and be ready to enroll in Language 2040 (TCCNS: Language 2311) and a college level mathematics course. If you are not prepared for this level, the necessary prerequisites will either replace electives or increase the hours required for this degree.

UNT Core Curriculum/Transfer of Core Curriculum: UNT complies with the mandate of the Texas Legislature regarding [Core requirements](#) for state-assisted institutions. Students who successfully complete the common core curriculum (in whole or in part) at a Texas state-assisted institution of higher education are eligible to transfer as "core complete" for those categories in the UNT University Core Curriculum.

Individual academic programs may require courses contained in parts of the University Core Curriculum. Students who wish to take courses that will fulfill both core and major/program requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Choice of Catalog: Any student transferring directly from a Texas public community college to UNT shall have the same choice of catalog designating degree requirements as the student would have had if the dates of attendance at the university had been the same as the dates of attendance at the community college.

The College of Health & Public Service required curriculum and policies are located in the [undergraduate catalog](#) under the corresponding catalog year.
