B.S. Audiology & Speech-Language Pathology

2025-2026

The undergraduate program is designed for persons wishing to pursue graduate study in audiology and speech-language pathology and offers an avenue for students interested in pursuing other health professions, teaching, psychology, medicine, gerontology, or law.

Undergraduates are introduced to the clinical aspects of audiology and speech-language pathology through course work, clinical experiences, and laboratory work at the UNT Speech and Hearing Center.

The College of Health and Public Service expects students to have completed the Texas State recommended high school program and be ready to enroll in Language 2040 (TCCNS: Language 2311) and a college level mathematics course. If you are not prepared for this level, the necessary prerequisites will either replace electives or increase the hours required for this degree.

Hours Required and General/College Requirements: A minimum of 120 semester hours, of which 42 must be advanced, and fulfillment of degree requirements for the Bachelor of Science degree as specified in the General University Requirements section of the UNT catalog and the College of Health & Public Service requirements.

UNT Core Curriculum/Transfer of Core Curriculum: UNT complies with the mandate of the Texas Legislature regarding [Core requirements](#) for state-assisted institutions.
